

Visitas en la web

Las “Visistas en la web” ofrecen la posibilidad de acercarse con comodidad a diversos ejemplos significativos del patrimonio artístico de Navarra. A través de la combinación de imágenes y textos, en los que a la amenidad de lo divulgativo se une el rigor científico, se puede acceder a una selección de conjuntos monumentales y urbanísticos dispersos por la geografía de la Comunidad Foral.

Estas “Visitas en la web” se inician con la Portada del Juicio de la catedral de Tudela, la fachada de la catedral de Pamplona, el Monasterio de Tulebras, los Palacios pamploneses del siglo XVIII, la Plaza Nueva de Tudela y la Iglesia parroquial de Lesaca. Esta oferta inicial se irá ampliando con nuevas visitas que permitan acercar el rico y variado patrimonio artístico de Navarra a todas las personas interesadas.

UNIVERSIDAD DE NAVARRA

[memoria 2011]

the 'information' and 'communication' fields. The 'information' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'communication' field is defined as:

...the study of the processes of communication production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information science' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information studies' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information technology' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information systems' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information management' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information policy' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information law' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information ethics' field is defined as:

...the study of the processes of information production, distribution, access, use and evaluation, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)
